## CLAIMED ONLY ONE DIVER IN SUNDAY'S RAID

## POSSIBILITY AMERICAN COMMERCE WILL SUFFER

Goods Valued at One Hundred Million Dollars Already Placed in Bond in the East

(By Associated Press.)  
NEW YORK, Oct. 10.—Exporters say that the submarine raid will result in advance of insurance rates on transatlantic transportation and will check shipments from New York to European ports. There was talk of a revival of the railroad embargo, but no action taken.

American importers are partly prepared for an interruption of trade, it is learned. Anticipating the shortage of European goods, they placed in bond on the Atlantic coast foreign merchandise valued at one hundred million dollars. They began to store this supply soon after the outbreak of the war.

(By Associated Press.)  
NEWPORT, R. I., Oct. 10.—The wholesale raid on foreign shipping south of Nantucket lightship Sunday was the work of one submarine, according to reports of American naval officers. Rear Admiral Albert Gleaves, commanding the torpedo boat destroyer Sotilla which did such remarkably speedy rescue work, said last night that the reports of all his officers agreed that to the best of their observation one raider only was concerned. This boat presumably was the German U-53, which called at Newport Saturday afternoon to mail a letter to Ambassador Bernstorff and then put to sea without taking on an ounce of supplies, although she had been 17 days from her base, according to the statement of her officers. Admiral Gleaves said he could easily understand the positive state-

ments of the captain of the Nantucket lightship and of sailors of the torpedoed vessels that more than one submersible was concerned. The U boat, he said, was very fast and appeared to have been handled cleverly. It was easy, he pointed out, for her to disappear on one side of a ship and then show up unexpectedly at another spot.

Doubtless, he believed, she had submerged and reappeared often enough to mislead any but a keen professional observer and to create the impression that more than one sea terror was operating.

This opinion would seem to be borne out by the statements of many of the refugees that the submarine had more business on hand than she could take care of at once and was obliged to request one steamer to wait her turn while another was being put out of commission. Lieutenant Commander Miller of the destroyer Ericsson, who witnessed the destruction of the Stephano, said he was positive that only one submarine was in the vicinity at the time.

Yesterday the raiding had ceased, at least for the moment. The known list of victims of the U boat's Sunday exploits remains at six, notwithstanding reports from the Nantucket lightship that three other ships, the identity of which could not be learned, were sent to the bottom. There also was a persistent rumor, without verification, that a British cruiser, one of the allied patrolling fleet sent to the submarine zone, had been attacked.

## GRAVITY OF SITUATION INCREASES

(By Associated Press.)  
LONG BRANCH, Oct. 10.—It is not believed that the American government will take immediate action on the development of a renewal of German submarine activity, but serious consideration is given the question as to whether attacks on merchantmen near the American coast do not constitute a virtual blockade of American ports. It is stated authoritatively that Gerard does not come on a mission of peace or a trip in connection with the submarine warfare, but simply on a vacation.

(By Associated Press.)  
WASHINGTON, Oct. 10.—Secretary Lansing departed for New York on his way to the summer White House to confer with the president over the submarine raids on the western Atlantic. It is regarded possible that Lansing might see Ambassador Gerard before the latter reports to the president.

The allied governments' memorandum to the neutrals called attention to the "grave danger incurred by neutral shipping navigating regions frequented by belligerent sub-

## Shipment Made By Belmont Co.

◆ The Tonopah Belmont Development company yesterday shipped bullion from both its Tonopah and Millers mills, the cleanup for the latter half of September. From the Millers mill the consignment was 29 bars, weighing 49,796 ounces, valued at \$39,336.80. From the Tonopah mill the shipment was 63 bars, weighing 81,621 ounces, valued at \$65,296.80. In addition there were 3 "pick-up" bars from the Tonopah mill, weighing 5440 ounces, worth \$4350, making the semi-monthly shipments in total \$109,483.60.

## LITTLE SCHOOL GIRL ASSAULTED AND SLAIN

(By Associated Press.)  
NEW YORK, Oct. 10.—Strangled with a bookstrap after having been assaulted, Tillie Brown, aged 11, a school girl, was found dead in a tenement of the lower east side. The girl had been missing since yesterday when she failed to return from school. Her uncle reported to the police last Thursday that he saw a strange man purchase candy for the girl.

## SHIPPING CIRCLES NERVOUS

(By Associated Press.)  
NEW YORK, Oct. 10.—Twenty-four hours without further news of the U-53 failed to quiet anxiety in shipping circles as to future activities.

## ARGUMENTS POSTPONED

(By Associated Press.)  
WASHINGTON, Oct. 10.—Oral arguments in the Dicks-Caminetti white slave case are postponed in the supreme court until December by request of the department of justice. The defendants concurred with the department's request.

marines." The American memorandum will not be made public before the return of Lansing from a visit to the president. It claims that the allies' submarines are outlaws and brought up the question as to whether the American government may be sued for damages resulting from the call of the U-53 at Newport previous to the spectacular raid on allied shipping. Their interpretation is that Newport was made a base. The United States would contend that a warship has rights in a neutral harbor.

## BROOKLYN'S HEAVY STICK WORK BRINGS IN A TIMELY RUN

## GERARD NOT IN ANY WAY TALKATIVE

(By Associated Press.)  
NEW YORK, Oct. 10.—Gerard, the American ambassador to Germany, on his arrival today declined to either confirm or deny published reports that he was returning on a peace mission in behalf of the German emperor. His attention was called to a story in the New York World to the effect that his errand was to inform the administration that renewal of submarine activity was considered by Germany in a manner that might threaten German-American relations. Quickly glancing through it, he said: "You don't see me quoted anywhere in it, do you?" He declined in any manner to discuss his mission to the United States.

## GRAVE FEARS FOR THE LIFE OF PILOT FELT

(By Associated Press.)  
MUSKOGEE, Okla., Oct. 10.—Grave fears are felt for Captain John Berry, veteran pilot of the "Million Population" balloon of St. Louis, Mo., last to leave the aviation grounds here Saturday afternoon in the international race. Although he had promised to telegraph a Muskogee newspaper immediately upon landing, no word has been received from him and two carrier pigeons which he carried with him have not returned home.

All the other five balloons that got away landed either Saturday night or Sunday. Captain H. E. Honeywell, pilot of the Kansas City balloon, and Jack Horne of Muskogee, his aide, hold the record of the balloons so far reported. Honeywell landed at Cascade, Iowa, early Sunday afternoon, about 510 miles from Muskogee, as the crow flies.

## TEUTONS RESIST RUSSIANS

(By Associated Press.)  
BERLIN, Oct. 10.—The Russians are pressing their attacks in Galicia, but are meeting with successful resistance by the Austro-German forces, according to today's official report. The troops of Archduke Charles Francis gained ground in the region of Babaludowa.

## DEPORTATIONS SUSPENDED

(By Associated Press.)  
WASHINGTON, Oct. 10.—Deportations of aliens from any Atlantic and gulf port immigration station are suspended because of submarine danger. It is explained that immigration authorities do not care to take the moral responsibility of sending deported aliens into possible danger.

## Democratic State Candidates Arrive

Senator Key Pittman, E. E. Caine, J. A. Sanders and Wm. Kennett will address the people of Tonopah on the vital issues of the day, at the Air-dome, tomorrow, Wednesday, Oct. 11th, at 8 o'clock p. m. Everybody invited. Adv. O10-11

## Correct Figure Bullion Shipped

◆ The Bonanza yesterday published the bullion shipment from the latest cleanup by the Tonopah Mining Company of Nevada from the Desert Mill at Millers as 39 bars. The shipment was 46 bars in fact, each weighing approximately 115 pounds avoirdupois, or 5290 pounds, or \$4,640 ounces. Conservatively estimating the silver and gold content at 80 cents an ounce, the consignment was worth \$47,712.

## BRIEF SUMMARY OF WAR NEWS OF DAY

(By Associated Press.)  
Apparently satisfied with the record of at least six boats Sunday, or possibly short of torpedoes, the German submarine raids on teamers of Nantucket were not continued yesterday. Meanwhile, however, the operations of the German U-53 craft so close to the American shore have created a situation which President Wilson and Secretary of State Lansing will discuss today at Shadow Lawn, the president's summer home. Already the president has announced that Germany "will be held to the complete fulfillment of its promises to the United States" concerning submarine warfare.

## DEPARTMENT REFUSES ENTENTE'S REQUEST

(By Associated Press.)  
WASHINGTON, Oct. 10.—The United States has refused to accept the contention of the entente allies urging the neutrals to deny the use of harbors at will to submarines, whether merchantmen or warships, Counselor Polk of the state department announced.

## GAIN GROUND NORTH OF STUFF REDOUBT

(By Associated Press.)  
LONDON, Oct. 10.—The official communication from British headquarters in France, issued last night, reads:

"In the neighborhood of Le Transloy a party of the enemy was caught in the open by our artillery and dispersed. As a result of a local operation we gained ground north of Stuff redoubt, inflicting serious losses on the enemy and taking more than 200 prisoners, including six officers."

"Early this morning we successfully entered the enemy's trenches south of Arras. Southeast of Souchez a strong enemy party rushed a crater fronting our lines, but was immediately ejected, with heavy casualties."

## BRITISH OCCUPY THREE TOWNS IN MACEDONIA

(By Associated Press.)  
LONDON (official), Oct. 10.—Bulgarians who had been opposing the British in the region east of the Struma river, in Greek Macedonia, have retired to the hills northwest of Seres. The British have occupied the towns of Kalendra and Hommedes.

War risk insurance rates will not be raised because of the submarine raids, Director Delaney of the federal war risk insurance bureau announced. The bureau insures only American ships and cargoes.

## NO TRACE OF CREW OF BRITISH FREIGHTER

(By Associated Press.)  
NEWPORT, Oct. 10.—The crew of the British freighter Kingstonian, missing since Sunday when they abandoned the ship on order of the submarine raider, has not been heard from. Eleven destroyers dispatched to the vicinity of the lightship continue their search. There is no further report of the submarine or submarines received here. There has been no trace of a vessel since the last victim sank.

## Democratic State Candidates Arrive

Senator Key Pittman, E. E. Caine, J. A. Sanders and Wm. Kennett will address the people of Tonopah on the vital issues of the day, at the Air-dome, tomorrow, Wednesday, Oct. 11th, at 8 o'clock p. m. Everybody invited. Adv. O10-11

On the battle fronts in Europe, Transylvania and Macedonia continue for the moment the centers of great interest. According to Berlin, the Rumanians in Transylvania are retreating along the whole line. The Teutonic allies have recaptured the town of Toersburg, 15 miles southwest of Kronstadt and within seven miles of the Rumanian border. In the Danube, north of Slatova, the Germans have occupied an island, taking six guns and making prisoners of the Rumanian troops there.

Serbian in considerable force have crossed the Cerna river in Serbia and captured the town of Skochivir.

## SUBMARINES SENT TO DAVY JONES' LOCKER

(By Associated Press.)  
CHRISTINIA, Oct. 10.—A Russian torpedo boat sank two German submarines after they attacked the Russian wireless station at Sepnovolok, according to Petrograd information. Several persons were killed by the submarines' gunfire.

## FORTUNE FAVORED THE SUBMARINE'S CAPTAIN

(By Associated Press.)  
BOSTON, Oct. 10.—Luck was with Lieutenant Captain Hans Rose, of the commander of the German submarine U-53 as well as advised.

There was evidence that when he set out to attack enemy shipping there was not a British warship within 500 miles of the spot in which he chose to operate.

For some time, according to men who follow marine affairs, there had been only three British cruisers engaged in patrolling the Atlantic coast to keep open the path for American made munitions of war. One of these cruised between Halifax and New York, another between New York and Bermuda and the third between Bermuda and the West Indies.

Three British cruisers arrived off Nantucket at 2:40 o'clock this morning, almost exactly 36 hours after the presence of a German submarine in Newport harbor had been made known to the world, through press dispatches.

## ALL DEFENDANTS BUT ONE RECEIVE FINES

(By Associated Press.)  
SALT LAKE CITY, Oct. 10.—The United States government spent \$15,000 in convicting Utah master plumbers of violating the Sherman anti-trust law. It will get back in fines \$7000. A total of \$6500 in fines was assessed against the convicted master plumbers today by Judge Tillman D. Johnson of the United States district court.

All defendants but one were fined. The exception is Will Reese of Salt Lake, president of the local association. Because of sickness he will not be fined till next Monday.

## RUMANIANS LOSE CANNON

(By Associated Press.)  
BERLIN (official), Oct. 10.—Continuing their advance on Transylvania, the Austro-Germans under Von Falkenhayn have captured passes in the Hargitta and Carole mountains. On both sides of Kronstadt the central powers are pressing the Rumanians, who lost 35 cannon in the last three days.

(By Associated Press.)  
BROOKLYN, Oct. 10.—The Brooklyn Nationals won their first world series game today, defeating the Boston Americans 4 to 3. The series now stands Boston, 2; Brooklyn, 1. It was Brooklyn's lucky, timely stick work that brought over the winning run for the National champions. They had no difficulty in negotiating Mays' underhand ball. The home folks played a smart fielding game and no error marred the play. Coombs started in the box for Brooklyn, but he began to lose effectiveness in the sixth, when Boston scored two runs, and in the seventh Gardner knocked the ball over the fence for a home

run. Coombs was signalled to relieve the pitcher. Brooklyn today saw the first world's series game in its own borough. Heretofore it had to cross the bridge to see the Giants perform. Keen for the taste of big baseball, even making or unmaking a champion, hundreds came out early and sat for hours shivering in the arctic wind that was sweeping the playing field. Scores of spectators were muffled in sweaters and newspapers. The sun shone clear and bright, but it was a poor day for a ball game. The players hugged the warm rooms of the clubhouse until the last moment. Defeat for Brooklyn would leave its championship hopes hanging by a thread. It must then win four-out of three remaining five contents to win the championship, while Boston needs but two more victories.

Brooklyn took its batting practice first. Some long drives evoked cheers from the early crowd. Boston batters were later out and tried the ranges of all the fields and then took a few shots to the right field wall, which is a favorite target for Brooklyn's heavy artillery. There was plenty of snap in the fielding practice, notwithstanding the cold.

## MISSING CREW MAY BE SAFE IN MID-OCEAN

(By Associated Press.)  
WASHINGTON, Oct. 10.—Rear Admiral Knight, at Newport, reported to the navy department today that although the American destroyer Sotilla was continuing its search for the missing crew of the British steamer Kingstonian, he thought it likely that they had been picked up by some outboard merchantman, which had taken them out to sea without reporting because of fear that the use of her wireless would endanger her.

## VILLA LOCATED WITH HIS PRINCIPAL BAND

(By Associated Press.)  
CHIHUAHUA CITY, Mexico, Oct. 10.—Francisco Villa and his main command have been located at Tejocacachi, 35 miles south of Madera, and only 80 miles south of Casas Grandes and the American expeditionary base, according to reports received by General Jacinto Trevino, from his scouts in the field. Villa is reported to be moving north. A scout detachment was sent out from Madera to reconnoiter and is expected to make a report to General Trevino as to his exact location. A band of the Villa followers have also been located near Guerrero City, 80 miles west of Chihuahua City, and only 15 miles south of Tejocacachi. The band near Guerrero is believed to be part of Villa's main band.

General Mattias Ramos, who was shot through the left knee during the fight at Cuahuilchic, was operated upon at the hospital here and the bullet removed.

## BOOTLEGGERS SHOT IN BATTLE WITH SHERIFF

(By Associated Press.)  
CHATTANOOGA, Oct. 10.—A fight in the Cumberland mountains between an alleged bootleggers' force and Under Sheriff Livingston, where in a woman and a man were killed and two other men mortally wounded, is reported from Jamestown. Mrs. Allen Huddelston and Schuyler Hicks were killed. Allen Huddelston and Clifton Beatty were mortally wounded. Livingston, with a warrant for the arrest of the woman, met the party with a wagon load of liquor. When ordered to surrender they opened fire with rifles. The sheriff returned the fire.
